WHAT IS THE HÆDLINKS PROGRAM?

The Hædlinks Program is an international training experience designed for people who wish to enhance their knowledge and skills in three key areas of global development: sustainable entrepreneurship, international diplomacy, and building strategic alliances.

Powered by The FuturED Institute and supported by the International Green Trade & Commerce Association (IGTCA), this programme combines theory, practice, and networking in an immersive and multicultural environment across Amsterdam, Rotterdam, and The Hague, leading European hubs for governance, innovation, and sustainability.

Over five days, participants will have access to intensive workshops, institutional visits, professional development sessions, and direct interaction with industry experts and leaders, in an experience that promotes transformational leadership and strategic thinking.

PROGRAMME OBJECTIVES
